THURSDAY, September 7. COURT OF COMMON PLEAS .- Before Judge In-

Henry R. Roberts vs. James J. Bevins .- Action for assalt and battery, damages laid at \$2,000. Last fall the American Institute offered its gold medal to the winner of a boat-race, which accordingly came off at Castle Garden on the 18th October last. The parties are famous oarsmen, the plaintiff one of the celebrated Roberts' brothers. The boat George W. Chapman, in which was plaintiff, took the lead and kept it, coming in shead of the George Washington, the defeated boat, and winning the medal. The beat of defendant kept very close to her, and followed her after the race, appareally within hostile intention, to the stairs at Castle Garden. Plaintiff jumped from his boat and was followed by defendant from his, when a grapple ensued, and the parties fell into the water. After they got up and repaired to the small house in which they usually change their dress, Mr. Bevins renewed the assault, and blacked both of plaintiff's eyes. He complained that the boat of plaintiff had fouled them, which caused them to lose the race. The case was ably managed by Mr. Allen for plaintiff, and Asst. Ald. Wm. Dodge for defendant. The Jury will return a scaled verdict this after-

Benj. F. Bunker vs. William Forrest .- Mr. Stetson, of the Astor House, agreed with plaintiff to paint the interior of a house in Dey street, belonging to defendant, on its being leased to a lady named Parker. The defendant refuses to pay the bill, alleging that Mr. S. was to deduct \$25 per quar. ter for the rent as it became due. Mrs. P. abandoned the house and very little rent was coffected. Mr. Stetson testifield that he acted as the agent for defendant, which the court held to be sufficient to support plaintiff's claims, whatever might be the understanding between the landlord and Mr. Stetson. Verdict for plaintiff, \$118.

Who can give us a list of some of this fellow's many depredations—it would be impossible to give the whole. Success has rendered the crawling reptileso importional that he now forces himself into the ociety of several decent men who are not acquainted with bischaracter. We saw him sitting with as much compofoot a respectabe tavern, in company with two magistrates ad an Alderman, on which account we were deterred, as whethe seven other gentlemen in our company, from a tering the house, lest we should lose sementing. This is but
use of the many instances in which Horace's business is injust by his good nature in auffering this fellow, whom he despises, to insult and mortify customers' presence Mr. Walsh summed up his defence with much abuse

rading articles from his own paper in relation to the District Attorney, to account for what he called the virulence of the latter. He indulged in many very severe remarks on what he considered the vile and infamous conduct of Magsus; and also reflected severely on the reporters of the press. pttifogging lawyers, heartless editors, deceitful Police Justites, the District Attorney and justified his publications -He was followed by the District Attorney in a calm, dispassionate and ably argumentative speech. The Grand Jury of Lancaster County, Pa. have presented he city and the boroughs of Marietta and Columbia, for ismall notes. ing small notes. The Bridgeport Farmer gives the following as the result

of the stockholders' meeting of the Housatonic Railroad:
"The stockholders of the Housatonic Railroad met in this city on Tuesday afternoon last, to devise ways and means, if pessible, to satisfy the certified claims against the Company. The matter was referred to a Committee, who presented a report Wednesday forenoon, recommending a lease, mortgage or assignment of the road to such claimants, comprising bill-holders, post-note-holders and creditors for right of way, until their claims are all paid; such claimants to manage the business of the road, receive all its income, and, after paying expenses, to make quarterly pro rata divi-dends, till their claims are all fully satisfied. This proposition, after mature deliberation and discussion, was adopted. The project appears to us a favorable one for the creditors of the road, bond-holders and all; and, if accepted, as we hope it will be, will, of course, obviate the necessity of selling the road, as required by the act of the Legislature, and thus leave the stock in the hands of the present holders."

Markets-Carefully reproted for The Tribune. THURSDAY P. M.

ASHES .- The market is not very active, the sales to-day reaching only 150 bbis. Pois at 431\(\frac{1}{2}\), with a few first-rate races at 437\(\frac{1}{2}\). Some holders still are firm at the latter rate Of Pearls the sales are 150 bbls, at 5 25, which appears to be settled as the market rate. COTTON .- The speculative spirit still continues, and

large operations are made in anticipation of a moderate crop, and the advices of still further improvement on the other side. The sales to-day reach 3,500 bales at very full rates.— Prices are gradually stiffening. Of the sales one was an en-ore parcel of 900 bales, and we believe nearly all the operaions were on speculation.

FLOUR AND MEAL.—The market still continues in a

somewhat unrettled state, and buyers do not seem disposed to buy largely. The receipts are considerable, and the quantity sfloat this indrining was about 10,000 ibls. Large receivers generally ask 4 56 a 4 621 for Genesee, and some al s have been made at 4 561, with two rather irregular lots at 4 50. No doubt a demand of any considerable amount would be supplied at the lower price. Ohio and Michigan are scarce comparatively, and must be quoted at equal rates with Genesce; at least, we hear of no sales lower. A sale of 1,000 bbls for expert was made contingent upon getting freight. A small lot of Troy brought 462½, and 300 bbls. do. sold at 450. These prices show a decline of 37½c since

he steamer arrived. We hear of no New-Orleans selling. There are about 1,000 bbls, affoat. Southern is still per-fectly quiet, and nominal at \$5. Sales 400 bbls. Brandy-wine, allout, at \$5, for the West Indies and South America. Rye Flour is still lower and more plenty. We notice sales 300 bbls. North River at 2 621. Jersey Meal 2 511 a 2 571. Sales 200 bbls, at the latter price. Brandywine 2 937; hhds. 13 50, nominal. Sales 3,000 bushels Ship Stuffs at Sc, and

GRAIN.—A sale of 1,200 bushels new Genesee Wheat, for the British Provinces, has been made on private terms, and 300 do. Virginia at 95c. There is not a great deal offering. Corn is without change. The stock of New-Orleans, previously large, has been increased by farther arrivals. We notice only sales 900 bushels. North River at 57c, measure, for the East. Rye having receded, the sales have been to considerable extent, say 2,500 bushels, at 624c, delivered, and

Drudge is in limited demand at 23c.

HAY.—The market is as before quoted—40 a 45c, but here are no farther sales for shipment. The supply is good-SAL SODA.—A sale of 4 tons have been made at 4 c, on

usual terms.

SEEDS.—There is a fair demand for Timothy and Clo-ter, and the stocks have become reduced. We notice a sale ver, and the stocks have become reduced. We notice a sale of 31 bbls. Timothy at \$15 per tierce, and some very prime at \$18. About 100 bbls. free Clover have been taken at Sc. Sales 100 tierces Flaxseed at 975 for crushing, showing an

improvement of 25c.

LEAD.—The market is rather firmer, and we notice sales 1,400 pigs at some hing better than 3.20, cash. FISH —There have been farther arrivals, 300 or 400 bbls., of Mackerel, but the sales have only been about 100 bbls. at 8.75 a 10.75 for Nos. 2 and 1. Nothing doing in Dry Cod.

We quote 2.75 a S14.
PROVISIONS.—Prime Pork is rather firm to-day, and could not be had at the close at 10 122. Sales 200 bbls, were made at that rate, and 300 do. at 10 183. Mess nominal at 11 25. We hear of no sales. The operation in Dutchess County Pork reported yesterday, which should have been Prime instead of Mess, has been annulled, and a sale made Prime instead of Mess, has been annulled, and a sale made instead of 700 bbls Dutchess County at 10 12½, and 300 do. at 10 25, all deliverable on the 20th of December. There is but a retail inquiry for Beef. Sales 50 bbls. City Mess at 8 25; Prime 5 75 a 6 25. The demand for Lard for export continues good. We notice sales 120 bbls. at 6c. The sales are at 5½ a 6c. Cheese is selling freely: 50 casks Vermont brought 4½c; boxes are worth 5 a 5½c. Butter is in light demand, excepting Grease, which is wanted at 5½ a 6c, and

THOMPSON'S TRUSSES.—Office removed to 13 Beekman street. About 200 of the first physicians and surgeons of New York have given their decided preference to this Truss, as you can graduate the pressure from 1 to 50 pounds on the rupture without a back pad, which does so much injury to the spine. A fair trial being the best test of its superiority, it is applied and six days trial given, and if it does not retain the rupture, while performing every kind of exercise or coughing, and give perfect ease—in a word, if it is not satisfactory in every respect, the money is cheerfully returned, and this is the only condition on which you should buy any truss. A permaneal cure is easily effected, and warranted if directions are followed.

Offices are fitted up at No. 13 Beekman street, one door from Nassau, exclusively for applying this truss, and all are invited to come and try for themselves.
